The Stanford 10 Complete Battery includes full-length versions of all subtests. The Stanford 10 Abbreviated Battery includes a subset of items from all Complete Battery subtests, except Listening.

The Form A Language subtest for Primary 1-TASK 3 uses a traditional approach that measures language proficiency through the assessment of language mechanics and expression.

*At Grade 9, you can test at either the Advanced 2 or TASK 1 level. The configuration of your school system may help you determine which level is more appropriate. If Grade 9 is part of your high school system and students' instruction is focused on high school level standards in Mathematics, Science, and Language Arts, use the TASK 1 level. If Grade 9 is part of your junior high school system and students' learning is based on standards for the end of junior high school, the Advanced 2 level is more appropriate.
